EDUCATION

- 1979 till now many courses, workshops, on cancer surgery, endoscopic evaluation, Oncoplastic Surgery, Sentinel Node Biopsy (SLNB), Intra Operative Radiation Therapy(IORT).
Also more than 100 course, workshops, meeting, regarding; public health management, medical education, health economy, psychosocial and spiritual care
- 2012 IORT, Oncoplastic Surgery, workshops at IEO, ISIORT, Italy
- 2004, PhD student in medical education, the university of Dandy, England, UK.
- 2002 workshop on Sentinel Node Biopsy, UCL London UK.
- 1992, Surgical Oncology (fellowship), the University of Johns Hopkins, USA.
- 1984, Endoscopy training Course, Medical school, the university of Kyoto, Japan.
- 1984, Reconstructive surgery (fellowship), the university of Iran, Tehran, Iran.
- 1980, Thorax surgery (fellowship), the Isfahan university of medical sciences, Iran.
- 1980 workshop on Medical Education, Shiraz University I.R.Iran.
- 1979, General surgery, the Isfahan university of medical sciences, Iran.
- 1974, General Practitioner, Faculty of medicine, Isfahan university of medical sciences, Iran.

WORK HISTORY

- Full Professor of Surgery, SBUMS, Tehran I.R.Iran
- Chairman and editor in Chief of "Iranian Journal of Cancer Prevention", Iran (since initiation - 2008).
- Member of the Iranian Cancer Association, Iran (since Initiation -2007).
- Member of editorial board of American Journal of Cancer Therapy and Pharmacology (since Oct. 2012).
-
- Representative of the Shahid Beheshti University of Medical Sciences in the Social and Wellbeing administration, Tehran, Iran (since 2006).

- Head of Cancer Research Centre, the Shahid Beheshti University of Medical Sciences, Tehran, Iran (since initiation 2005).
- Member of the "Surveillance Regional Advisory Group (SRAG) ", World Health Organization, Cairo, Egypt (since 2005-2010).
- Board director of the “Tobacco Free Life Association”, Iran (since initiation-2005).
- Director of "Comprehensive Organisation Advisory Community Health (COACH)" institute (NGOs), Iran (since initiation 2005).
- Academic board university member, public health school, the Shahid Beheshti University of Medical Sciences, Tehran, Iran (2005 up to now).
- Initiation of Programmes for Control of Communicable Diseases (ex; Measeles and Rubella) in Iran (2003).
- In charge of launching Integrated Health Network in Non Communicable Diseases, Iran (2002-2003).
- In charge of Cancer Registry System in Iran (2002).
- Director of Iranian medical education association, Tehran, Iran (since initiation - 1992).
- Advisor of the "Non Communicable Diseases Integration Programme", World Health Organization, Cairo, Egypt (2001-2005).
- Member of editorial board of the Iranian Journal of Medical Education”, Iran (since 2001).
- Academic board member of the Isfahan University of Medical Sciences, Isfahan, Iran (2000-2008).
- Academic board member of the Hamadan University of Medical Sciences, Hamedan, Iran (2000-2008).
- Professor of Surgical Oncology, the Shahid Beheshti University of Medical Sciences, Tehran, Iran (2000-up to now).
- Member of editorial board of” Hakim Journal”, Iran (since 1999).
- Chief committee of the Iranian Clinical Research, Iran (1998-2001).
- Committee member of policy making in medical education system, Iran (1997-2006).

- Member of Alborz Holding Company Steering Committee, Tehran, Iran (1997-2007).
- Member board of medical education, Ministry of Health and Medical Education, Iran (1995-2005).
- Deputy of the Ministry of Health and Medical Education, Iran (1995-1997 and 2000-2006).
- Technical advisor of charity organization, “15th Khordad”, Tehran, Iran (since 1994).
- Associated professor of surgery, the Shahid Beheshti University of Medical Sciences (1993-2000).
- Chief of the Iranian Medical Education Institute, Tehran, Iran (1993-1995).
- Advisor of the Ministry of health and medical education, in Community Oriented Medical Education (COME), Iran (1993-1995).
- Member board of the "American Surgeons Association", USA (since 1992).
- Associated professor of surgery, the Isfahan University of Medical sciences, (1991-1993).
- Broad director of the Iranian Medical Education Association, Tehran, Iran (1990-1998).
- Executive manager of health administration, Isfahan, Iran (1990-1991).
- Health Director of Esfahan province, Esfahan, Iran (1989-1991).
- Director of the Shariati hospital, Isfahan, Iran (1987-1989).
- Member board of surgery, Ministry of Health and Medical Education, Iran (1986-2004).
- Chancellor of the Isfahan University of Medical Sciences, Isfahan, Iran (1985-1989).
- Member board of the "Iranian's Surgeons Association", Iran (since 1984).
- Member of national board, the Iranian Surgeons’ Association, Iran (since Initiation 1984).
- Assistant professor of surgery, the Isfahan University of Medical Sciences, (1982-1991).

- Executive manager and member of the charity Initiation Khomeini hospital, Esfahan, Iran (since 1980).
- Executive health director and therapeutic affairs of the Isfahan province, Isfahan, Iran (1979-1982).
- Member of national board, Medical Education Society, Iran (since Initiation until now).
- Member of the Islamic Physicians' Association, Iran (since Initiation until now).
- Executive of the "Blood Transfusion Organisation", Tehran, Iran (1976-1992).

TEACHING AND TUTORING EXPERIENCES

- Teaching in health management courses, school of public health, university of the Shahid Beheshti, Tehran, 1998 till now.
- Teaching in oncology surgery courses, SBUMS medical school, Tehran/Iran, 1994 till now.
- Teaching in thoracic surgery courses, Isfahan and Shahid Beheshti, Universities of Medical Sciences, Isfahan and Tehran, Iran, 1984 till now.
- Teaching in breast surgery courses, universities of the Shahid Beheshti, medical school, Tehran/Iran, 1981 till now.
- Teaching in SLNB in malignancies as workshops.
- Teaching for Intra Operative Radiation Therapy(IORT)
- Teaching in social medicine in health policy and healthy management (Ministry of health and medical education), all over the country and more, Tehran/Iran, 1981 till now.
- Teaching in general surgery courses, Isfahan and Shahid Beheshti, universities of Medical Sciences, Isfahan, Tehran/Iran, 1979 till now.
- Teaching in comprehensive cancer control, in particular spirituality and psycho social aspect.
- Teaching in health policy and health management.(more than 110 workshops)

- Teaching in Community Oriented Medical Education(more than 120 workshops)
 - Teaching workshops in Breast Surgery, Breast cancer management, Oncoplastic surgery, palliation therapy, psycho socio spiritual care of cancer patients.
-

Skills/ Abilities

- Thoracic surgery
- Oncology Surgery
- Breast Surgery
- Medical Care in Breast Cancer
- Reconstructive surgery
- Sentinel lymph node biopsy
- IORT management.
- Medical Education
- Health policy and Management
- Health Economy

Research Interests

- Cancer Research(Comprehensive Cancer Researches such as clinical ,molecular and social determinants)
- Supportive care in cancers
- Psychosocial aspect of health
- Spiritual aspect of health
- Health Technology Assessment (HTA) and preparing guidelines
- Epidemiology and surveillance studies in cancers
- Surgery in cancer management
- Screening tool in cancer detection
- Appropriate sites in medical education and health care
- Public health and health management systems

- Spirituality and medical education

RESEARCH EXPERINCES

Latest Research

- Margin status and DFS and OS in BCS in breast cancer patients, 2011 CRC Iran
- Modelling of mapping for multi variation of diseases, 2011, CRC, Iran
- Assessment of Nutritional Status of Cancer Patients using PG-SGA tool, CRC, 2011, CRC, Iran
- Home care assessment and utilization for cancer cases regarding their needs. CRC, Iran
- Relativeness of life style and satisfaction with breast cancer, 2011, CRC Iran
- Fish test and IHC utility in breast cancer cases, CRC Iran 2011
- Ethnicity and Geographical effect on Incidence and survival of malignancies in Iran, 2004-2010.CRC Iran
- Coping skill education effect on reducing distress in breast cancer patients, CRC, 2011, Iran.
- Four subject Psychotherapy effect on reducing distress in breast cancer - cases, 2011. CRC Iran.
- Evaluation of Risk factors for lymph node positivity in breast cancer patients, Cancer Research Centre, 2010, Iran.
- Surveillance study of Thyroid cancer in Iran, Cancer Research Centre, 2010, Iran.
- Surveillance study of prostate cancer in Iran, Cancer Research Centre, 2010, Iran.
- Comparative study of two surgical methods of breast cancers (MRM and BCS): Review of ten years study in the two clinic centres of Shahid Beheshti medical university, National Cancer Research Centre, 2010, Iran.
- Assessing of side effect of Gaba-pantine medicine in neuropathy symptoms and pain of patients with “Taxan” Chemotherapy medicine, National Cancer Research Centre, Pars pharmacy co., 2010, Iran.

- Spiritual study: effectiveness of education to improve of happiness, hopeful, and life expectancy in breast cancer women under observe of Cancer Research Centre, National Cancer Research Centre, 2010, Iran.
- Assessing effect of religious believes in mental health of breast cancers women, National Cancer Research Centre, 2010, Iran.
- Study of Genes' HER-2 amplified in breast cancer patients by FISH method, Cancer Research Centre and National Genetic Institute, 2010, Iran.
- Study of clinical, pathological and treatment attributes' of breast cancer patients in oncology centre of Imam Hussein hospital in 10 years, Cancer Research Centre, 2010, Iran.
- Study of clinical, pathological and treatment attributes' of stomach cancer patients in oncology centre of Imam Hussein hospital in 10 years, Cancer Research Centre, 2010, Iran.
- Study of clinical, pathological and treatment attributes' of colorectal cancer patients in oncology centre of Imam Hussein hospital in 10 years, Cancer Research Centre, 2010, Iran.
- False Positive and Negative Reports of Mammography and Sonagraphy results of breast cancer patients, Cancer Research Centre, 2010, Iran.
- Association of HER-2,ER,PR biomarkers' in surveillance of breast cancer patients, Cancer Research Centre, 2010, Iran.
- Accessioning psychological disorders in young people with breast cancers, Cancer Research Centre, 2010, Iran.

- Efficacy of anti-cancer medicines in stomach and breast cancers, Cancer Research Centre, 2010, Iran.
- Assessing risk of lipid intake and lutein serum in incidence of breast cancer, National Food Research Institute of Shahid Beheshti University, 2010, Iran.
- Assessing effect of Gabapentine in chemotherapy of cancers' patients, National Cancer Research Centre, 2007, Iran.
- Epidemiology study of traffic accidents in Kerman province, Shahid Beheshti medical science university, Medical school, 2006, Iran.
- Creation of computerise model of diagnostic mammography test in breast cancer, Shahid Beheshti medical science university, Medical school, 2006, Iran.
- Effect of endogenous inhibitors (c-erb B2) in breast cancer patients, Cancer Research Centre, 2005, Iran.
- Assessing psychos- social determinants in survival of cancers patients, Cancer Research Centre, 2004, Iran.
- Correlation measuring of tumour markers and prognostic components in staging breast cancer patients CAI5-3 , CEA, Shahid Beheshti university of medical science, Medical school, 2003, Iran.
- Measuring fatigue, and related components in women with breast cancer, Shahid Beheshti medical science university, Medical school, 2002, Iran.
- Assessing association of Tamoxifen utilizes and thyroid tests, Shahid Beheshti medical science university, Medical school, 2002, Iran.
- Assessing molecular oncogenes in construction of breast cancer, Shahid Beheshti medical sciences university, Medical school, 2001, Iran.

- Epidemiology study of addiction in surgical ward patients in Shahid Beheshti hospitals, Shahid Beheshti medical science university, Medical school, 1998, Iran.
- Assessing utilisation of health services in different level of urban health centres in Isfahan province, Isfahan university of medical science, 1998, Iran.
- Measuring health education effects in infection preventive by dentist staffs, Shahid Beheshti medical science university, Medical school, 1996, Iran.
- Measuring status of intensive oncogenes in breast cancer patients in Iran, Shahid Beheshti University of Medical Science, Medical School, 1996, Iran.
